TUESDAY, April 17-P. M

After a feverish opening, the temper of the stock speculation to-day suddenly changed; prices steadily and sometimes rapidly advanced until a large part of yesterday's dectine was recovered for a majority of the active stocks. An analysis of the day's transactions reveals much rregularity. The transactions amount to 805,-793 shares, but of that number, three stocks contributed nearly one-half of the whole, and five other stocks contributed a sufficient number of shares to make the total for the eight Del., Lack, and Western, 181,800; Union Pacific, 68,400; Northwestern, 49,000; St. Paul, 42,700; Lake Shore, 32,300; Central of New-Jersey, 24,000; East Tennessee, Virginia and Georgia preferred, 24,000, and Central Pacific, 19,700 shares; total for the eight stocks, 442,500 shares. The movements of Northwestern attracted unusual attention; it opened at 136½ and declined to 135; later it sold at 135¾, then rapidly advanced to 137½, and flually closed at 136¾, ½ lower than it did last night. It was not known until after board hours that instead of an issue of stock to the stock-holders at par, to provide for the payment of a controlling interest in the Chicago, St. Paul, Minneapolis and Omaha stocks, the executive committee of the company had determined upon a new issue of \$10,000,000 fo per cent bonds, which will increase the company's first charges \$500,000 per annum. Central Pacific was specially weak in the early dealings, and declined from 77½ to 75¾, but it later recovered to 783s. But the difference between the dealings in Delaware, Lackawanna and Western and in the city vesterday from the mines. stocks nearly three-fourths of the whole business:

State bonds were neglected. The transactions in city bank stocks aggregated

thirty-one shares. Railroad bonds were dull and prices generally were lower. Erie second consols were 12 lower, Canada Southern firsts were 18 easier, West Shore and Buffalo 5s declined 3s and New York, Chicago and Bullalo is declined 's and New York, Chicago and St. Louis firsts, after a decline of 's to 97's, were steady at 98's. Missouri, Kansas and Texas consols further declined 's, the seconds were 's, ower, and the general mortgages were off 's. St. Louis and Iron Mountain new 5s were down 12.
Texas and Pacific incomes declined 3; and recovered 12, and firsts, Rio Grande division, were 14. igher. East Tennessee, Virginia and Georgia conols were off 14. and the incomes were 18 lower. Richmond and Danville debentures closed ig lower. New-York, Lackawanna and Western firsts sold at

The Sub-Treasury to-day gained \$429,252 on balance, made up by a coin gain of \$582,781, less a currency loss of \$153,529. The day's transactions covered: Receipts, \$1,389,150; payments, \$980,-98; currency balance, \$7.001,247; coin balance, 398; currency balance, \$7,001,247; coin balance, \$121,448,520. Money on call ruled easy at 5½26 per cent, and late loans were made at 4½ per cent. In London. British consols were steady at 102½ for money, and 10½; for account. United States bonds were higher: 3½s and 4½s, each ¼, and the 4s ½s per cent. Americae railways were all lower, and closed without recovery. The Bank of England lost £25,000 builton on balance. At Paris, French 3 per cents rose to 79.40, and sight exchange on London was higher at 25,21½. The weekly statement of tha Imperial Bank shows a specie gain of 1,633,000 marks.

The Clearing-House statement to-day is as follows: Exchanges, \$135,317,727; balances, \$5,148,612.

The Chearing-House statement clearly and references, \$5,148.61.

The United States Treasury at Washington to-day received \$382,000 National bank notes for redemption. The customs receipts were \$615,851, and the internal revenue receipts \$297,562.

The foreign exchanges continue dull, and rates are fairly steady. The new collateral trust lean of the Union Pacific Railroad Company will not be brought out in Amsterdam until after it has been listed at our Stock Exchange, so that if the loan shall prove a success bills for it will not come on the market for ten days or two weeks. We quote rates for business as follows: Bankers bills, \$4 83 and \$4 854 for long and short sterling respectively; 5.21 and 5.19 for francs: 94-2 and 95 for reichmarks; 40-2 and 40-3 for guilters.

Messrs John J. Cisco & Sons advertise for sale a limited amount of the Louisville, New-Albany and Chicago first 6 per cent bonds, and of the Houston and Texas general mortgage 6 per cent bonds.

The gross carnings of the following railroads are reported:

DENVER AND RIG GRANDE.

Martin White. 532 Savage.... [BY TELEGRAPH TO THE TRIBUNE.]

and declined from 77½ to 75¾, but it later recovered to 75¾, but it later recovered to 75¾, but it later recovered to 75¾, but the difference between the dealings in Delaware, Lackawanna and Western and in Delaware and Hudson stock perhaps most clearly shows the irregularities of the market. The dealings in Delaware, Lackawanna and Western amounted to 181,800 shares, and in Delaware and Hudson to 400 shares; the first-named stock, after an early further decime of ¾ to 127¾, with its unprecedented amount of transactions for one day, rose to 130¼@130. The other stock fluctuated just ¼ per cent, and closed ¼ lower than last evening. The market closed noisy and seemingly excited.

Government bonds were dull and irregular; bids for the 3½ were ½ higher and for the 4s were ⅓ lower. Annexed are the closing quotations:
